Personalized Daily Predictions(based on your dasa)

01-May-2023 04:29 AM till 07:46 PM

Old romantic regrets and yesterday's emotional wounds may be floating using your mind now. Visions of the memories, past and forgotten emotions will tend to bring forth wisdom and emotional completion. You may find it difficult to ignore the surge of deep feelings in the areas of lost loves, disappointments in romance or sadness. Ironically, much of this may be from the very distant past and may, up until now, have been forgotten. Allow all of it to waft gently through your mind, however; aspects indicate that you can now rid yourself of unwanted emotional blocks or resentments.

Do not judge show as well as others arrogance now. Problems may arise in your dealings with partners and with co-workers. If you need to talk through problems, do your best to be as non-judgmental as possible and don't over-react to what your partner must say either. There may be a need to revisit old issues in a partnership, or there could be some communication problems with a partner. Misunderstandings along with your partner now can do serious damage. It's a good cycle in which to improve your negotiation skills, even though you may not be pretty much as good at mediating disputes for the time being. Re-thinking a partnership or a job is achievable now, but you should avoid jumping to any premature decisions.

This may be the starting point on an enduring friendship to suit your needs. Friends go and come all the time but this particular one will stand by you in hard times. Go that extra mile to help someone who may need it and is unable to tell you so openly. The help you lend will convert what was just a casual friendship into a long-lasting one. Your health may deteriorate. Positive attitude towards life and proper medication will help you to overcome all health related problems. Avoid long journeys for the time being.

It is easier for you to produce decisions by seated and talking things out rather than by closing yourself off, studying the issues and concentrating on the alternatives. You are confident of the impression you make on people and you are always jovial. You can get along adequately in life with your form of personality. Even when people don't agree with everything you say, they admire the way you present it. You never hurt the feelings of others, even though you are outspoken. An apparently happy-go-lucky nature conceals a core of good sense; just as the apparent fickle in your nature hides deep-seated fidelity and loyalty. Sooner or later the fluctuating and wavering stops and you establish yourself, although your mind turns from one subject to the next, from one relationship to another. When your mind is made up to go after something, however, you don't hesitate. Your warmth and amiability make you the life of many

You lead an active life in which you combine business and pleasure to good advantage. You are very independent and never like to feel beholden to anyone or any obligation. While you can force yourself to do anything, no one else has much luck trying to stimulate your sense of duty or obligation. working, traveling, playing and socialising, as you please, life never seems dull to you because you stay so busy traveling. Although you are somewhat high-strung, nothing keeps your moods in a depressed state for very long. Expressive, artistic and able to communicate on many levels, you are a natural extrovert. You are such a good conversationalist that your stories sometimes become very long, complex and detailed. Romantically, you may be somewhat fickle and very demanding of complete justice in all your relationships.

Astrology gives guidance to select auspicious time periods to do important activities affecting our lives. The principles of 'Electional Astrology' consider transit position of planets and factors like day of the week, Star, Thidhi, Karana and Nithyayoga. Some combinations are considered good for certain activities. These timings can be further tuned for the Birth Star of the person. Auspicious timings so determined are generally termed as 'Muhurtha'.
