Amber-Rose Horde

Case Manager at Medical Solutions
Houston, Texas Area

Summary

I am a young, inspired nursing professional with over 5 years of experience in the critical care, emergency room and post anesthesia care environment as well as almost 2 years as an RN Case Manager. As an RN III and Case Manager, I have aspirations of developing innovative ways to coordinate evidence based practices with the art and science of nursing to increase patient safety and quality of care.

With many talents, I am a proud member of Delta Sigma Theta Sorority, Inc., and CEO of Amber Rose Consulting. My mission is to increase successful young business professionals in the city of Houston by striving to teach networking strategies, providing workshops and classes, as well as, expose the community to elite social events to enhance their entrepreneurial knowledge when creating and growing a business. With over six years of experience in business development, I started this journey taking business classes and attending business development seminars hosted by the Houston Black Chamber of Commerce and Texas Young Professionals Organization. I have started and organized businesses such as independently owned sports facilities, Real Estate, Small Boutiques, Hair Salons, and Day Cares.

Experience

Medical Solutions

Case Manager

August 2019 - Present (1 year)

Travel

My role as a Travel Case Manager is a collaborative process of assessment, planning, care coordination, and advocacy for options and services to meet the patient's comprehensive health needs. Through effective communication and available resources I promote patient safety and quality of care while taking into consideration patient and hospital costs.
